

FY23 Subcommittees and Individual Accounts Accepting CDS requests

**Please note, these account may change for FY24 with updated Committee guidance.*

Agriculture, Rural Development, Food and Drug Administration Subcommittee

Agriculture Research Service Building and Facilities (ARS B&F) Account

The Account is only accepting proposals for repairs and maintenance to existing facilities.

Funding for construction of a building will not be considered.

<https://www.ars.usda.gov/>

Animal and Plant Health Inspection Services (APHIS) Account

The Account is accepting proposals related to Field Crop & Rangeland Ecosystems Pests; Pest Detection; Plant Protection Methods Development; Specialty Crop Pests; Tree & Wood Pests; Wildlife Damage Management; Veterinary Diagnostics; Equine, Cervid and Small Ruminant Health. All applications must meet applicable environmental review (i.e. NEPA and ESA) requirements.

<https://www.aphis.usda.gov/aphis/ourfocus/planthealth/ppa-ppdmdpp>

Watershed and Flood Prevention Operations (WFPO) Account

The Account is accepting proposals to help units of federal, state, local and tribal of government (project sponsors) protect and restore watersheds up to 250,000 acres.

20% or more total benefits of a proposed project must directly relate to agriculture, including rural communities. Applicants must certify that they have contacted the NRCS state office and the proposal meets all program requirements, including financial requirements, under the account.

<https://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/landscape/wfpo/>

Rural Development, Community Facilities Grants Account

The Account is accepting proposals to develop or improve essential public services and facilities in communities across rural America. These amenities help increase the competitiveness of rural communities in attracting and retaining businesses that provide employment and services for their residents.

The following criteria **MUST** be met prior to a CDS request being approved:

The Community Facilities account has a match requirement on a sliding scale based on

community population size* and median income. Towns with populations greater than 20,000 are not eligible for this program. For those towns that are eligible, the account will fund up to 75% of total project costs with a match requirement based on both area median income and population as follows:

- Max 75% if: Population of 5,000 or fewer and a median household income of the proposed service area is below the higher of the poverty line or 60 percent of the state nonmetropolitan median household income.
- Max 55% if: Population of 12,000 or fewer and a median household income is below the higher of the poverty line or 70 percent of the state nonmetropolitan median household income.
- Max 35% if: Population of 20,000 or fewer and a median household income of the proposed service area is below the higher of the poverty line or 80 percent of the state nonmetropolitan median household income.
- Max 15% if: Population of 20,000 or fewer and a median household income of the proposed service area is below the higher of the poverty line or 90 percent of the state nonmetropolitan median household income.

*Population requirements must be from the most recent census. The state [Rural Development \(RD\) office](#) must certify the population of a proposed service area meets the requirements outlined above for a project to be considered and is available to help vet project proposals.

Match requirements are outlined at [7 CFR 3570.63\(b\)](#). In general, matching funds must come from a non-Federal source.

Successful applications will include a description of the intended use of funds, (see a list of eligible entities, uses, and limitations [here](#)), the requested CDS dollar amount and total cost of the project, and the service area/beneficiaries. Applicants must also meet environmental review requirements (i.e., NEPA).

Funding for the following activities will not be considered:

- Reimbursement for projects already constructed/acquired or that will have been constructed/acquired by bill passage;
- Payment for initial operating expenses or recurring annual costs;
- Funding for facilities used primarily for recreation purposes;
- Funding for facilities primarily for business entrepreneur purposes.

Rural Development, Distance Learning, Telemedicine & Broad Band Program (DLT) Grants Account

The Account is accepting proposals to help rural communities use the unique capabilities of telecommunications to connect to each other and to the world, overcoming the effects of remoteness and low population density. Please click [here](#) for a full list of eligible entities, uses, and limitations for this account.

Flat 15% match (Matching funds cannot come from another federal source) required. The award floor is \$50,000 and the award ceiling for FY23 is \$1,000,000.

Funding for broadband deployment will not be considered.

Commerce, Justice, Science and Related Agencies Subcommittee

Department of Commerce, National Institute of Standards and Technology (NIST); Scientific and Technical Research Services (STRS) External Projects Account

The Account is accepting proposals to address standards related research and technology development.

Construction projects will not be accepted.

Department of Commerce, National Institute of Standards and Technology (NIST); Construction and Research Facilities Account

The Account is accepting proposals for the construction non-Federal research facilities at research institutions and colleges and universities. Given the significant investments necessary for construction projects, only very limited number of projects will receive support from this account.

Department of Commerce; National Oceanic and Atmospheric Administration (NOAA); Operations, Research, and Facilities (ORF); Special Projects Account

The Account is accepting proposals to address fisheries, marine mammals, ocean, climate, weather and atmospheric research and programs.

Construction projects will not be accepted.

Department of Justice; Office on Justice Programs; State and Local Law Enforcement Assistance; Byrne Discretionary Account

The Account is accepting proposals that provide additional personnel, equipment, supplies, contractual support, training, technical assistance, and information systems for critical justice systems.

This funding cannot be used for land acquisition or construction.

<https://www.ojp.gov/topics/law-enforcement>

Department of Justice; Community Oriented Policing Services (COPS) Account; Law Enforcement Technology Account

The Account is accepting proposals for the COPS Law Enforcement Technology projects for the development of technologies and automated systems to assist law enforcement agencies in investigating, responding to, and preventing crime.

Projects must be eligible under the [COPS Office requirements](#), and can include the procurement of equipment, technology, or support systems, and the development of new technologies to assist recipient entities in reorienting the emphasis of their activities from reacting to crime to preventing crime.

Applicants should not specify brand names for equipment to ensure fair and open competition, and are cautioned against requests for vehicles and vessels that carry with them high maintenance costs at the conclusion of the grant. Agencies should consider the full range of potential legal, constitutional and civil liberties and privacy implications associated with generating, acquiring or using technology or data.

National Aeronautics and Space Administration; Safety, Security, and Mission Support Account

The Account is accepting proposals that focus on science education, research, and technology development related to NASA's mission. Medical research projects, Space Grant projects (which require a funding match) and projects at NASA-owned visitor Centers are discouraged.

Construction projects will not be funded, but this account can be used for equipment, research funding or education programs.

Energy & Water Development Subcommittee

United States Army Corps of Engineers: Investigations Account

The Army Civil Works program includes funds for the planning, design, construction, and operation and maintenance of water resources projects, with a focus on the highest performing work within the three main Civil Works mission areas: commercial navigation, flood and storm damage reduction, and aquatic ecosystem restoration. It also funds programs that contribute to the protection of the nation's waters and wetlands; the generation of low-cost renewable hydropower; the restoration of certain sites contaminated as a result of the nation's early atomic weapons development program; and emergency preparedness and training to respond to natural disasters.

Only authorized projects and programs will be considered for funding.

United States Army Corps of Engineers (USACE): Construction Account

The Army Corp. Engineering and Construction Office provides staff support and directs the technical aspects of engineering, construction management, environmental protection and restoration, operations, maintenance and repair activities of USACE missions worldwide.

Only authorized projects and programs will be considered for funding.

<https://www.usace.army.mil/Missions/Civil-Works/Engineering-and-Construction/>

United States Army Corps of Engineers: Operation & Maintenance Account

The Account is accepting proposals in planning, engineering design and construction management, environmental services, and technical assistance related to water, natural resources, buildings, and infrastructure.

Only authorized projects and programs will be considered for funding.

<https://www.lrb.usace.army.mil/Missions/Operations-Maintenance/>

The Bureau of Reclamation: Water and Related Resources Account

The Account is accepting proposals to manage, develop, and protect water and related resources in an environmentally and economically sound manner in the interest of the American public.

Only authorized projects and programs will be considered for funding.

<https://www.usbr.gov/>

The Department of Energy, Energy Efficiency and Renewable Energy (EERE) Account

The Account is accepting proposals to accelerate the research, development, demonstration, and deployment of technologies and solutions to equitably transition America to net-zero greenhouse gas emissions economy-wide by no later than 2050, and ensure the clean energy economy benefits all Americans, creating good paying jobs for the American people—especially workers and communities impacted by the energy transition and those historically underserved by the energy system and overburdened by pollution.

<https://www.energy.gov/eere/office-energy-efficiency-renewable-energy>

The Department of Energy, Office of Electricity (OE) Electricity and Energy Resilience Account

The Account is accepting proposals to ensure that the Nation’s energy delivery system is secure, resilient and reliable. The office includes three divisions that work closely with the private and public sectors to make sure the nation’s critical energy infrastructure is able to recover rapidly from disruptions – Advanced Grid Research and Development, Electricity Delivery, and Electricity Delivery Cybersecurity Research and Development.

Electric vehicle charging projects will not be funded.

Cost sharing requirements may apply to these projects, as required by section 988 of the Energy Policy Act of 2005.

<https://www.energy.gov/oe/office-electricity>

The Department of Energy, Office of Cyber Security, Energy Security, and Emergency Response (CESER) Account

The Account is accepting proposals to enhance the security of U.S. critical energy infrastructure to all hazards, mitigate the impacts of disruptive events and risk to the sector overall through preparedness and innovation, and respond to and facilitate recovery from energy disruptions in collaboration with other Federal agencies, the private sector, and State, local, tribal, and territory governments.

Construction of new buildings or facilities will not be funded.

Cost sharing requirements may apply to these projects, as required by section 988 of the Energy Policy Act of 2005.

<https://www.energy.gov/ceser/office-cybersecurity-energy-security-and-emergency-response>

The Department of Energy, Office of Nuclear Energy (NE) Account

The Account is accepting proposals to advance nuclear energy science and technology to meet U.S. energy, environmental, and economic needs.

Cost sharing requirements may apply to these projects, as required by section 988 of the Energy Policy Act of 2005.

<https://www.energy.gov/ne/office-nuclear-energy>

The Department of Energy, Office of Fossil Energy (FE) Account

The Account is accepting proposals for research, development, and demonstration efforts on advancing technologies to meet our climate goals and minimize the environmental impacts of fossil fuel use, including low carbon power generation and low carbon supply chains; carbon capture and storage (CCS) technologies; methane emissions reductions; critical mineral productions; and carbon dioxide removal.

Cost sharing requirements may apply to these projects, as required by section 988 of the Energy Policy Act of 2005.

<https://www.energy.gov/fecm/office-fossil-energy-and-carbon-management>

Financial Services and General Government Subcommittee

Small Business Administration Account

No additional specific guidance for this account.

The National Archives and Records Administration, National Historical Publications and Records Commission Account

The Account is accepting proposals to support a wide range of activities to preserve, publish, and encourage the use of documentary sources, created in every medium ranging from quill pen to computer, relating to the history of the United States.

<https://www.archives.gov/nhprc>

The National Archives and Records Administration, Repair and Restoration Account

The Account is accepting proposals to support a wide range of activities for the repair, alteration, and improvement of archives and facilities, and to provide adequate storage for holdings

<https://www.archives.gov/>

General Services Administration, Federal Building Fund (FBF), Construction and Acquisition Account

The Account is accepting proposal to the primary fund established for financial administration of Public Buildings Service (PBS) activities. PBS provides workplaces for Federal agencies and their employees. FBF resources are primarily generated by rent paid to GSA by other Federal agencies.

<https://www.gsa.gov/reference/reports/budget-performance/annual-reports/2019-agency-financial-report/managements-discussion-and-analysis/financial-statements-summary-and-analysis/federal-buildings-fund>

Homeland Security Subcommittee

Federal Emergency Management Agency Pre-Disaster Mitigation Projects Account

The Account is accepting proposals for mitigation measures that reduce disaster losses.

Projects must meet eligibility of Building Resilient Infrastructure and Communities (BRIC) Grant program, including the cost-share requirement, benefit cost ratio, and environmental and historic preservation requirements.

All project proposals must be accompanied by a letter of support from the appropriate state agency affirming that it believes the project is eligible.

Federal Emergency Management Agency Emergency Operations Center (EOC) Grant Program Account

The Account is accepting proposals to improve emergency management and preparedness capabilities by supporting flexible, sustainable, secure, strategically located, and fully interoperable EOCs with a focus on addressing identified deficiencies and needs.

Projects must meet eligibility of the Emergency Operations Center Grant program, including the cost-share requirement and environmental and historic preservation requirements.

All project proposals must be accompanied by a letter of support from the appropriate state administrative agency affirming that it believes the project is eligible.

Interior, Environment, and Related Agencies Subcommittee

The Environmental Protection Agency (EPA), State and Tribal Assistance Grants, STAG Infrastructure Account

The Account is only accepting proposals related to existing funding categories and activities within the STAG account that will result in improvements in environmental quality and/or human health. Projects for water infrastructure CDS grants to fund local wastewater and drinking water infrastructure projects within the Clean Water State Revolving Fund and the Drinking Water State Resolving Fund are eligible under this account. Projects to construct or make modifications to municipal sewage treatment plants and drinking water treatment plants are eligible.

Local and/or municipal projects included on a state's most recently finalized Clean Water or Drinking Water State Revolving Fund Intended Use Plan (IUP) are eligible for funding. In exceptional circumstances, projects that are eligible for funding under State Revolving Loan Fund (SRF) guidelines but are not on the state IUP list, may be considered.

There is a minimum of 20% cost sharing requirement for any state or local water infrastructure grant funded through CDS. Only the non-federal portion of assistance provided by the State Revolving Loan Fund can be applied toward a project's matching requirement.

Successful project proposals will:

- Detail the project purpose (drinking water, wastewater, stormwater, and/or water quality protection);
- Provide details on how the project will help the applicant meet applicable water standards;
- Provide the total estimated cost of the project, based on a facilities plan or preliminary engineering report, as well as the amount of CDS requested;
- Provide a list of other federal funding approved for the project;
- List any non-federal sources of funding for the project.

The Environmental Protection Agency (EPA), Science and Technology, Research: National Priorities Account

The Account is accepting proposals for high priority lines of research related to environmental quality and human health.

<https://www.epa.gov/research-grants/research-funding-opportunities>

The National Park Service, Historic Preservation Fund Account

The Account is accepting proposals for surveys and repair of historic resources, training, nominations to the National Register of Historic Places, and grants to local jurisdictions for their preservation priorities.

Applicants must be eligible for [one of the competitive grant funding opportunities](#) within the Historic Preservation fund (HPF) and must comply with [audit requirements](#). Please note that the acquisitions of collections or historic properties are not eligible under the HPF.

Acquisitions of collections or historic properties will not be funded.

The maximum project amount is \$500,000.

<https://www.nps.gov/subjects/historicpreservation/Historic-Preservation-Fund.htm>

The United States Department of Agriculture, Forest Service, State and Private Forestry, Forest Resource Information Analysis Account

The Account is accepting proposals to provide technical and financial assistance to non-federal forest landowners, including state, Tribal, and local governments, to help sustain the nation's forests and grasslands, protect communities from wildland fire and restore fire-adapted ecosystems.

Projects must meet USFS eligibility requirements for the appropriate grant program and be a part of the state's Forest Action Plan (or contribute to meeting the goals of the Forest Action Plan).

<https://www.fs.usda.gov/about-agency/state-private-forestry>

The Department of the Interior, Land and Water Conservation Fund (LWCF), Great American Outdoors Act

The Account is accepting proposals for projects that safeguard natural areas, water resources and cultural heritage, or provide recreation opportunities to Americans.

<https://www.doi.gov/lwcf>

Bureau of Land Management (BLM), Land Acquisition

The Account is accepting proposals for funding to acquire lands that support specific conservation, recreation, and related projects that enhance management of and public access to existing public land and resources.

<https://www.blm.gov/programs/lands-and-reealty/purchases-and-acquisitions>

Fish and Wildlife Services (FWS), Land Acquisition

The Account is accepting proposals for funds to acquire lands and waters that meet the following conservation priorities: 1) recovery of the threatened and endangered species where land acquisition is required by the recovery plan; 2) implementation of the North American Waterfowl Management Plan; and 3) conservation of migratory birds of conservation concern.

<https://www.fws.gov/program/land-acquisition-and-reealty>

National Park Service (NPS), Land Acquisition

The Account is accepting proposals for funding to acquire lands, waters, and interests therein necessary to achieve the natural, cultural, wildlife, and recreation management objectives of NPS. LWCF monies appropriated for use by the [Land Resources Program](#) of the NPS may only be used to acquire lands within the boundaries of National Park System units.

<https://www.nps.gov/subjects/lwcf/federside.htm>

Legacy Restoration Fund (LRF), Great American Outdoors Act

The Account is accepting proposals for projects that reduce or eliminate deferred maintenance on our nation's public lands and at schools managed by the Bureau of Indian Education.

National Park Service (NPS)

The Account is accepting proposal to address extensive and long overdue maintenance needs. Priority given to roads, trails, restrooms, water treatment systems, and visitor facilities.

<https://www.nps.gov/subjects/infrastructure/legacy-restoration-fund.htm>

Fish and Wildlife Service (FWS)

The Account is accepting proposals to repair and maintain facilities including visitor centers, roads, trails and other critical infrastructure. Priority given to projects that reduce the maintenance backlog at national wildlife refuges.

<https://www.fws.gov/initiative/protecting-wildlife/great-american-outdoors-act>

Bureau of Land Management (BLM)

The Account is accepting proposals for practical maintenance repairs and projects related to climate resiliency, preventing resource threats, advancing clean energy solutions, benefitting underserved communities, creating opportunities for youth and job corps programs, and, contributing to the improvement of the economy through good paying jobs.

<https://www.blm.gov/about/laws-and-regulations/infrastructure/great-american-outdoors-act>

United State Forest Service

The Account is accepting proposals for conservation program to encourage the protection of privately-owned forest lands through conservation easements or land purchases.

<https://www.fs.usda.gov/managing-land/private-land/forest-legacy>

Land Management Agencies, Local Projects and Research Account

Bureau of Land Management, Management of Land and Resources, Habitat Management Priorities

The Account is accepting proposals for activities related to wildlife and aquatic habitat management.

<https://www.blm.gov/programs/fish-and-wildlife/wildlife/about>

National Park Service, National Recreation and Preservation, Statutory and Contractual Aid

The Account is accepting proposals for activities relating to operating, managing, and preserving resources, as authorized by law.

Fish and Wildlife Service (FWS), Resource Management, Stewardship Priorities

The Account is accepting proposals for fish and aquatic conservation, habitat conservation, recovery, and restoration activities.

<https://www.fws.gov/program/fish-and-aquatic-conservation>

United States Geological Survey (USGS), Surveys Investigations and Research, Status and Trends

The Account is accepting proposals for high priority and core science research, and ecosystem and water resources related activities. In order for requests to be considered within this category, they must be relevant to the specified mission area and contribute to responsible stewardship of land, wildlife, and recreation resources or contribute to priority research areas that inform stewardship of those resources. Proposed projects should contribute to local, state, and federal efforts to benefit species, habitat, and/or enhanced stewardship of land and water resources

<https://www.usgs.gov/programs/status-and-trends-program>

Transportation, Housing and Urban Development, and Related Agencies Subcommittee

Transportation Planning, Research and Development (TPR&D) Account for transportation research projects eligible under title 23 or title 49 USC.

The Account is accepting proposals for transportation research projects eligible under title 23 or title 49 of United States Code.

Grant in Aid for Airports (Airport Improvement Program or AIP) Account for Airport Capital projects eligible under chapter 471 of title 49, USC.

The Account is accepting proposals for airport capital projects eligible under chapter 471 of title 49, United States Code. Applicants are required to provide:

- the status of the planning and environmental work to help assess the readiness of the project;
- a description of all other sources of funding contributing to the total cost of the project;
- a link to the master plan that includes the requested project; and
- total cost of the project and select the airport name (see NPIAS for airport names).

Highway Infrastructure Program (HIP) Account for Highway capital projects eligible under title 23, USC.

The Account is accepting projects for highway capital projects eligible under title 23, United States Code. Applicants are required to provide:

- the status of the planning and environmental work to help assess the readiness of the project;
- a description of all other sources of funding contributing to the total cost of the project;
- a link to the Statewide Transportation Improvement Plan (STIP) or Transportation Improvement Plan (TIP) that includes the requested project; and
- total cost of the project, which should be consistent with the total cost of the project in the STIP or TIP.

Transit Infrastructure Grants (TIG) Account for transit projects eligible under chapter 53 of title 49 USC.

The Account is accepting proposals for transportation research projects eligible under title 23 or title 49 of United States Code. Applicants are required to provide:

- the status of the planning and environmental work to help assess the readiness of the project;
- a description of all other sources of funding contributing to the total cost of the project;
- a link to the Statewide Transportation Improvement Plan (STIP) or Transportation Improvement Plan (TIP) that includes the requested project;
- total cost of the project, which should be consistent with the total cost of the project in the STIP or TIP; and
- the name of the recipient or subrecipient transit agency.

Consolidated Rail Infrastructure and Safety Improvement (CRISI) Grants Account, for rail capital projects eligible under section 22907 of title 49, USC.

The Account is accepting proposals for rail capital projects eligible under section 22907 of title 49, United States Code. Applicants are required to provide:

- the status of the planning and environmental work to help assess the readiness of the project;
- description of all other sources of funding contributing to the total cost of the project;
- a link to the State Rail Plan that includes the requested project; and
- total cost of the project, which should be consistent with the total cost of the project in the State Rail Plan.

Community Development Fund Account within the line item Economic Development Initiatives (EDI) for economic development projects eligible under chapter 69 of title 42, USC.

The Account is accepting proposals for economic development initiatives eligible under chapter 69 of title 42, United States Code. Applicants are required to provide:

- the current status of the project;
- a description of all other sources of funding contributing to the total cost of the project;
- the status of the planning and environmental review work;
- relevant data on how activities or projects benefit primarily low- and moderate-income persons or communities to meet program requirements;

- a link to the project website if available or a link to the HUD five-year Consolidated Plan or Annual Action Plan if the project is included or complements planned or current projects within these required plans; and
- total cost of the project.

Labor, Health and Human Services, Education and Related Agencies Subcommittee

Department of Labor – Employment and Training Administration- Training and Employment Services Account

The Account is accepting workforce development proposals that, include direct services to individuals to enhance employment opportunities, demonstrate evidence of a linkage with the State or local workforce investment system and include an evaluation component.

Equipment purchases may be included within congressionally directed funding only as an incidental part of the entire project. A similar standard applies to curriculum development, which should be incidental to the project's emphasis on direct services to individuals.

CDS cannot be used for construction or renovation of facilities.

Department of Health and Human Services Health Resources and Service Administration – Program Management Account

The Account is accepting projects that address the cost of construction, renovation, or capital equipment purchase for facilities for health, mental health, or substance abuse services, training of health professionals, or medical research.

In addition to construction and renovation, funding can be used to acquire capital equipment, such as lab equipment or x-ray machines. Equipment-only grants—that is, grants not involving construction—are permissible. Generally, any equipment having a useful life of more than one year and a unit cost of at least \$5,000 will be eligible as capital equipment.

In addition, equipment with lower costs may also be eligible, provided that it is treated as an item of capital expense under the recipient institution's pre-existing, written accounting policies. Equipment expenses for health information systems and electronic medical records systems are permitted expenditures. The costs of expendable supplies such as pharmaceuticals, lab chemicals, or office paper are not eligible.

HRSA Health Facilities funding cannot be used to acquire land or purchase existing buildings, or to pay salaries or other operating costs. Funding cannot be used to pay for work previously 5 completed. CDS can be used for architectural and engineering costs associated with an eligible construction project, but cannot be used for general feasibility studies.

Department of Health and Human Services – Substance Abuse and Mental Health Services Administration – Health Surveillance and Program Support Account

The Account is accepting proposals addressing mental health, substance Abuse treatment and prevention.

Mental Health

Funding to support programs that promote the prevention or treatment of mental health disorders, including rehabilitation, outreach, and other support services.

Substance Abuse Treatment

Funding to support programs that improve access, reduce barriers, and promote high quality, effective treatment and recovery services.

Substance Abuse Prevention

Funding to support programs to prevent the onset of illegal drug use, prescription drug misuse and abuse, alcohol misuse and abuse, and underage alcohol and tobacco use.

Funds may not be used for construction (other than a limited amount of renovation necessary to carry out a funded project). In addition, General Provisions in statute prohibit funds for projects that distribute sterile needles or syringes for I.V. drug injection, or those that promote the legalization of illegal drugs or substances

Department of Health and Human Services – Administration for Children and Families – Children and Family Services Programs Account

The Account is accepting proposals to address child abuse prevention and social service research and demonstration projects.

Project requests submitted through the account must fall under one of the following categories:

Child Abuse Prevention

Project requests should improve the prevention, assessment, identification, and treatment of child abuse and neglect through research, model service improvement, information dissemination, and technical assistance. Projects must serve or target abused and/or neglected children and their families.

Social Services Research and Demonstration

Project requests should promote the ability of families to thrive through financial self-sufficiency, and to promote the healthy development and greater well-being of children and families. Projects can serve a diverse population including: low-income individuals, children, youth, families, individuals with developmental disabilities, and Native Americans.

Funds may not be used for construction or renovation of facilities

Department of Health and Human Services – Administration for Community Living – Aging and Disability Services Programs Account

The Account is accepting proposals to improve the ability of older adults and individuals of all ages with disabilities to live independently and participate fully in their communities. Projects should focus on improving access to, or the quality of, education, training, support services, and independent living services for older adults and individuals with disabilities.

Funds may not be used for construction or renovation of facilities

Department of Education – Innovation and Improvement – Fund for the Improvement of Education Account (FIE)

The Account is accepting project requests for elementary and secondary education projects, to provide or improve special education services at the elementary and secondary level. Eligible grantees include: state education agencies, school districts, colleges and universities, and other public and private nonprofit entities. Generally, funding intended for individual schools is provided to the applicable school district and not directly to the individual school.

Funds may not be used for construction or renovation of school buildings, except in the case of minor remodeling required as part of technology upgrades. Daycare and childcare projects that do not include educational services are also not eligible.

Department of Education – Rehabilitation Services – Demonstration and Training Account

The Account is accepting proposals for a wide variety of projects to improve access to, or the quality of services to individuals with disabilities. Project requests should be designated under this heading for a wide variety of projects that further the purposes of the Rehabilitation Act, including by providing individuals with disabilities with education, training, support services, and independent living services. Generally, projects should focus on improving access to, or the quality of, such services for individuals with disabilities. Eligible grantees include State vocational rehabilitation agencies, community rehabilitation programs, Indian tribes or tribal organizations, or other public or nonprofit agencies and organizations. Funds may not be used for construction or renovation of facilities.

Department of Education – Higher Education – Fund for the Improvement of Postsecondary Education Account

The Account is accepting proposals for projects that focus on improving access to, or the quality of, postsecondary education. Project requests should focus on improving access to, or the quality of, postsecondary education.

Examples of the types of projects that can be funded under FIPSE include projects to hire and train faculty, establish and improve degree programs, improve teacher preparation programs, develop and improve curricula, upgrade technology and telecommunications, acquire science laboratory equipment, provide student support, implement university partnerships with school

districts, and establish research and training centers. Grantees are usually colleges and universities, but may include other public and private nonprofit organizations.

Funds may not be used for construction or renovation of academic buildings, except in the case of minor remodeling required as part of technology upgrades

Military Construction, Veteran Affairs, and Related Agencies Subcommittee

The Account is accepting proposal of major construction, unspecified minor military construction, and planning and design.

Funding for Department of Veteran Affairs and Related agencies is not eligible for CDS.

Military Construction, Army Account

Military Construction, Navy Marine Corp. Account

Military Construction, Air Force Account

Military Construction, Defense-Wide Account

Military Construction, Army National Guard Account

Military Construction, Army Reserve Account

Military Construction, Navy Reserve Account

Military Construction, Air Force Reserve Account

Future Years Defense Program (FYDP) Account

Each military department, to include the guard and reserve, as well as defense-wide agencies, plans its major military construction program five years into the future. FYDPs identify these future planned projects, which are candidates for CDS requests.

Unfunded Requirements/Priorities Lists (UFR/UPL) Account

In addition to the annual budget request and as required by law, each military department submits to the congressional defense committees a document identifying unfunded priorities that would be funded if additional appropriations were provided.

Cost to Complete (CTC) Account

Variables such as construction market conditions can affect cost estimating throughout the military construction programming process, and as such, DOD can experience cost increases that cannot be sufficiently covered by available appropriated funding. In these cases, the military departments submit a list of projects separate from the budget request that have received an authorization and appropriation, but require additional funding to be completed.
