Nicholas Schilling  
Office of Legal Policy  
U.S. Department of Justice  
950 Pennsylvania Avenue, N.W.  
Washington, D.C. 20530

Dear Mr. Schilling:

In advance of the June 25, 2025, Senate Judiciary Committee hearing to consider Emil Bove's nomination to the United States Court of Appeals for the Third Circuit, I write to request information related to Mr. Bove's activities at the Department of Justice (DOJ). To aid the Committee's consideration of Mr. Bove's nomination, I ask that the nominee be prepared to discuss the following topics and that the Office of Legal Policy provide the documents requested below ahead of the hearing.

First, Mr. Bove should be prepared to discuss his role in DOJ's efforts to freeze lawfully appropriated Greenhouse Gas Reduction Fund (GGRF) grants. Earlier this year, then Interim-U.S. Attorney for the District of Columbia Ed Martin ordered his office to open a grand jury investigation into the GGRF program, alleging maladministration. When the career criminal chief refused because the investigation lacked the necessary predication, she was forced to resign. Martin then, unable to procure any career prosecutor's signature, personally submitted a seizure warrant application to freeze the funds. Following a judge's denial of that application, Mr. Bove reportedly shopped the same investigation and warrant application to other U.S. Attorney's offices, and the FBI began investigating at the request of a prosecutor in the Southern District of Florida. In a civil suit brought by GGRF grant recipients, a federal judge stated DOJ was "unable to proffer me any information with regard to any kind of investigation or malfeasance" regarding the GGRF program's administration.

Second, Mr. Bove should be prepared to discuss his role in facilitating a deal to drop public corruption charges against New York City Mayor Eric Adams. As Acting Deputy Attorney General, Bove reportedly brokered an arrangement to dismiss those charges in return for Mayor Adams's promised cooperation with federal immigration enforcement efforts. At least eight Justice Department attorneys, including the Acting U.S. Attorney for the Southern District of New York, resigned in protest. Mr. Bove, again apparently unable to procure any career prosecutor's participation, ultimately appeared as the sole attorney representing the United States at the hearing on the motion to dismiss the charges.

Please respond to the following by June 23, 2025:
